START HERE

Everything about your cat, in one place

Vet visits, vaccinations, flea and worming dates, weight, food, medicines, the sitter's instructions... It's a lot to remember. This planner keeps it all together, so it's there when you need it.

HOW TO USE IT

1. Fill in the **profile** and **key contacts** first.
2. Keep the **health records** up to date after every vet visit or treatment.
3. Use the **monthly care calendar** for reminders.
4. Hand the **care sheet** to anyone looking after your cat.

PRINT WHAT YOU NEED

- [ ] Print the record pages as often as you like
- [ ] One planner per pet works best
- [ ] Keep it in a folder by the door or with the lead
- [ ] Take it to vet appointments

This planner is for keeping records and isn't veterinary advice. Always follow your vet's advice about your cat's health, treatments and diet.

Notes _____

NOTES

HEALTH RECORDS

Vaccinations

Record each vaccination and booster. Your vet will advise which your cat needs and when.

DATE	VACCINE	BATCH / VET	NEXT DUE	NOTES

NOTES

HEALTH RECORDS

Flea, tick & worming

Write down every treatment so you never double-dose or forget. **Never use a dog flea product on a cat:** some contain permethrin, which is very dangerous to cats.

DATE	FLEA / TICK / WORM	PRODUCT	DOSE / WEIGHT	NEXT DUE

HEALTH RECORDS

Medication log

For courses of medicine or long-term treatments. Always follow your vet's instructions.

START DATE	MEDICINE	DOSE	HOW OFTEN	END DATE	NOTES

NOTES

HEALTH RECORDS

Vet visits

Jot down what the vet said while it's fresh. It helps to bring your questions written down.

Date _____ Vet _____ Reason _____

WHAT THE VET SAID | **TREATMENT / NEXT STEPS**

Date _____ Vet _____ Reason _____

WHAT THE VET SAID | **TREATMENT / NEXT STEPS**

Date _____ Vet _____ Reason _____

WHAT THE VET SAID | **TREATMENT / NEXT STEPS**

HEALTH RECORDS

Weight tracker

Regular weigh-ins help you and your vet spot changes early.

WEIGHT LOG

DATE	WEIGHT	NOTES

TARGET WEIGHT (FROM VET)

Target _____

Body condition notes _____

WEIGHT CHART

Mark each weigh-in as a dot and join them up.

NOTES

HEALTH RECORDS

Health & symptom diary

Note anything unusual: sickness, limping, scratching, changes in eating, drinking or toilet habits. Patterns help your vet.

DATE	WHAT I NOTICED	HOW LONG	ACTION TAKEN

NOTES

DAILY CARE

Food & diet

Follow the feeding guide on your cat's food, or your vet's advice.

CURRENT DIET

Food (brand & type) _____ Daily amount _____

Meals per day & times _____ Treats allowed _____

Allergies / intolerances _____ Water bowl cleaned _____

FOOD CHANGES

DATE	NEW FOOD	WHY	HOW IT WENT

FAVOURITE FOODS & TREATS

DAILY CARE

Litter tray & toilet habits

Changes in toilet habits can be an early sign of illness. If your cat strains, goes often, or passes little or no urine, call your vet urgently.

LITTER SETUP

Litter type _____ Number of trays _____

Where _____ Cleaning routine _____

WEEK	MON	TUE	WED	THU	FRI	SAT	SUN	NOTES

Tick each day the trays are scooped. A common guide is one tray per cat, plus one extra.

NOTES

DAILY CARE

Grooming, claws & teeth

Brushing helps prevent hairballs, especially for long-haired cats.

DATE	BRUSH	CLAWS	EARS	TEETH	HAIRBALL?	NOTES

NOTES

DAILY CARE

Play, scratching & enrichment

Indoor and outdoor cats both need daily play and places to climb, hide and scratch.

PLAY IDEAS

- [ ] Wand toy chase (5–10 minutes)
- [ ] Paper balls and ping-pong balls
- [ ] Cardboard boxes and paper bags (handles removed)
- [ ] Puzzle feeders and treat balls
- [ ] Laser pointer, ending on a real toy to "catch"

HOME SETUP

- [ ] Scratching post (tall and sturdy)
- [ ] Somewhere high to perch
- [ ] Hiding places
- [ ] Window seat for bird watching
- [ ] Water away from food bowl

SAFETY

- [ ] Window and balcony screens
- [ ] Lilies out of the house (very toxic)
- [ ] Cables and strings tidied
- [ ] Washing machine and dryer checked before use

DATE	WHAT	£	CLAIMED?

NOTES

KEEP THIS HANDY

Safety & emergencies

If your cat eats something they shouldn't, or seems unwell, call your vet straight away, even if they seem fine at first.

TOXIC TO CATS

- [ ] Lilies: every part, even pollen or water from the vase
- [ ] Dog flea treatments containing permethrin
- [ ] Human medicines such as paracetamol and ibuprofen
- [ ] Onions, garlic, leeks and chives
- [ ] Chocolate, alcohol and caffeine
- [ ] Grapes and raisins
- [ ] Antifreeze
- [ ] Essential oils and liquid potpourri

CALL THE VET IF YOU NOTICE

- [ ] Straining in the litter tray or no urine (urgent)
- [ ] Not eating for a day
- [ ] Vomiting or diarrhoea that doesn't settle
- [ ] Breathing with an open mouth
- [ ] Hiding and very quiet
- [ ] Injuries or bleeding
- [ ] Drinking much more than usual
- [ ] Anything that worries you

FIRST AID KIT

- [ ] Vet and out-of-hours numbers
- [ ] Bandages and non-stick dressings
- [ ] Blunt-ended scissors
- [ ] Saline for cleaning wounds
- [ ] Tick remover
- [ ] A towel or blanket
- [ ] A secure carrier
